

## NAM VIET OCCUPATIONAL SAFETY TRAINING AND ENVIRONMENTAL MONITORING CO., LTD.

Full name:

Year of birth:

Company:

**Please circle one (01) correct answer.**

**Question 1:** During the Metal Pressing process, work accidents can occur due to which of the following?

- a) Press failure due to failure without maintenance.
- b) Lack of personal protective equipment.
- c) Working in an unclean environment.
- d) All of the above.

**Question 2:** What is the main cause of occupational accidents during the casting process?

- a) Lack of maintenance of casting equipment.
- b) Problem in the cooling system.
- c) Improper control of liquid metal temperature.
- d) Lack of training on safety measures.

**Question 3:** Which measure is the most important to minimize the risk of occupational accidents when pressing metals?

- a) Use high-tech press.
- b) Provide adequate training for workers on occupational safety.
- c) Work in a dry environment.
- d) Maintain regular inspection and maintenance of machinery.

**Question 4:** During the casting process, if the mold is damaged or not cleaned properly, what can happen?

- a) Liquid metal may leak or produce defective products.
- b) The liquid metal will solidify too quickly.
- c) The product will be of higher quality.
- d) The mold will clean itself automatically.

**Question 5:** What is one of the common causes of accidents during Metal Pressing?

- a) Workers do not wear protective gloves.
- b) Press failure due to lack of maintenance.
- c) No safety signs.
- d) Workers' operations are too slow.

**Question 6:** When a work accident occurs during the casting process, what should the worker do before treating the wound?

- a) Turn off the power supply to the casting equipment.
- b) Wash the burn with hot water.
- c) Use antibiotics immediately.
- d) No need to stop work, continue working normally.

**Question 7:** Which of the following is not a measure to prevent occupational accidents during the casting process?

- a) Ensure the work area is clean and well-ventilated.
- b) Train workers on safety procedures.
- c) Increase the amount of liquid metal during casting.
- d) Precise control of liquid metal temperature.

**Question 8:** What personal protective equipment is included in the Metal Pressing process?

- a) Protective gloves only.
- b) Gloves, goggles, and protective clothing.
- c) Safety glasses and heat-resistant gloves.
- d) No protective equipment required.

**Question 9:** What is the function of the inspection and maintenance process of machinery during the Metal Pressing process?

- a) Minimize the risk of equipment failure.
- b) Make workers work faster.
- c) Speed up the metal pressing process.
- d) No obvious effect.

**Question 10:** When a work accident occurs involving metal casting, what is one of the main causes of the accident?

- a) Lack of control of molten metal temperature during casting.
- b) Improper use of personal protective equipment.
- c) Improper mold cleaning process.
- d) Failure to periodically inspect casting equipment.

**Question 11:** When an employee suffers from an occupational disease with a 40% reduction in working capacity due to the employer's fault, what benefits will the employee receive if the employer does not pay insurance for occupational accidents and diseases?

- a) Monthly allowance
- b) One-time subsidy

- c) Not entitled to benefits

**Question 12:** Employees have the right to refuse to do work or leave the workplace while still receiving full pay and not being considered as violating labor discipline when they clearly see a risk of a work accident that seriously threatens their life and health and must immediately report to the person directly in charge, true or false?

- a) True
- b) False

**Question 13:** Causes of injury when using primitive hand tools

- a) Using damaged tools or tools lacking safety equipment
- b) Using it for purposes other than its intended purpose
- c) Improper operation and use
- d) Sentences (a and b) are correct.
- e) Sentences (a, b, c) are correct.

**Question 14:** According to the Law on Labor Safety and Hygiene, how many obligations do employees have?

- a) have an obligation.
- b) has 2 obligations.
- c) has 3 obligations.
- d) has 4 obligations.

**Question 15:** Equip yourself with adequate personal protective equipment to

- a) Preventing work accidents
- b) Preventing occupational diseases
- c) Both of the above

**Question 16:** Please indicate the correct and complete answer about the conditions for employees to enjoy in-kind compensation.

- a) Doing jobs and occupations in the list of especially arduous, toxic, dangerous jobs and arduous,
- b) toxic, dangerous jobs and occupations issued by the Ministry of Labor, War Invalids and Social Affairs
