

## NAM VIET OCCUPATIONAL SAFETY TRAINING AND ENVIRONMENTAL MONITORING CO., LTD.

Full name:

Year of birth:

Company:

Please circle one (01) correct answer.

**Question 1:** During the assembly of a trimmer motor, which of the following steps is most important to ensure efficient motor operation?

- a) Check the durability of the coil
- b) Assemble the rotor and stator correctly
- c) Installation of electronic components
- d) Adjust the engine speed

**Question 2:** What is the main cause of occupational accidents during the assembly of trimmer motors?

- a) Using inappropriate tools
- b) Failure to check personal protective equipment
- c) Lack of precision in assembling parts
- d) Lack of light in the work area

**Question 3:** To prevent work accidents during component assembly, which of the following is most important?

- a) Ensure the work area is clean and tidy
- b) Provide adequate training to workers on occupational safety procedures
- c) Use protective gloves when working with sharp parts
- d) All three (a, b, and c) are correct

**Question 4:** To avoid electric shock when assembling the trimmer motor, what should workers do?

- a) Ensure insulation and check equipment before operation
- b) Wear insulated safety shoes
- c) Ensure the work area is dry
- d) Use wet hands to check the power source

**Question 5:** Which of the following is not a measure to prevent occupational accidents during the component assembly process?

- a) Using damaged or unsuitable tools
- b) Periodic inspection and maintenance of tools
- c) Comply with assembly and safety procedures

**Question 6:** When assembling a trimmer motor, what accident can happen if you are not careful with sharp parts?

- a) Burns from contact with hot engine
- b) Injuries due to strong impact
- c) Cut off components such as blades
- d) Motor dysfunction

**Question 7:** In case of a work accident, what should a worker do first?

- a) Call relatives
- b) Immediately stop operation and activate the emergency alarm system
- c) Provide first aid and continue working
- d) Provide information to management on the cause of the accident

**Question 8:** Which of the following is a safety regulation when assembling a trimmer motor?

- a) Workers do not need to use personal protective equipment
- b) Regular equipment inspection and maintenance is not necessary.
- c) Workers need to be fully trained in assembly procedures.
- d) Assembly does not need to follow standard procedures

**Question 9:** To minimize work accidents when assembling clipper components, workers should avoid working in what conditions?

- a) Tired or stressed
- b) Ensure the work area is always clean
- c) Periodic tool checks
- d) Ensure adequate lighting in the work area

**Question 10:** When assembling a trimmer motor, what accidents can result from inaccuracies in the assembly of parts?

- a) Loss of ability to control engine speed
- b) Workers injured by impact or cutting
- c) The motor does not create a magnetic field
- d) Lack of power supply to the engine

**Question 11:** Employees have the right to refuse to do work or leave the workplace while still receiving full pay and not being considered as violating labor discipline when they clearly see a risk of a work accident that seriously threatens their life and health and must immediately report to the person directly in charge, true or false?

- a) True
- b) False

**Question 12:** The elements that make up a normal flame are

- a) Oxygen
- b) Combustible
- c) Heat source
- d) Both (a and b) are correct
- e) All three (a, b, c) are correct

**Question 13:** When a worker has a work accident caused by the Employer's fault and his/her working capacity is reduced by 81%, how much compensation will he/she receive?

- a) 30 Months of minimum wage
- b) 30 Months of Social Insurance Salary
- c) 30 months salary according to labor contract

**Question 14:** When suffering from an occupational disease with a 40% reduction in working capacity due to the fault of the employer, what benefits will the employee receive if the employer does not pay unemployment insurance and occupational disease insurance?

- a) Monthly allowance
- b) One-time subsidy
- c) Not entitled to benefits

**Question 15:** Equip yourself with adequate personal protective equipment to

- a) Preventing work accidents
- b) Preventing occupational diseases
- c) Both of the above

**Question 16:** Fire prevention and fighting measures are

- a) Propaganda and education measures
- b) Technical measures
- c) Administrative and legal measures
- d) Measures to choose fire-resistant or non-fireproof materials right from the design of the constructions
- e) Measures for periodic inspection, maintenance and repair of machinery
- f) All three (a, b, and c) are correct
- g) All five (a, b, c, d, and e) are correct

**Question 17:** According to the Law on Labor Safety and Hygiene, how many obligations do workers have?

- a) 1 obligation.
- b) 2 obligations.
- c) 3 obligations.

d) 4 obligations.

**Question 18:** What will workers get when they have occupational diseases?

- a) Treatment and leave from work.
- b) Treatment until recovery and return to old job.
- c) Treatment until recovery and reassignment to work suitable to health.
- d) Provide financial assistance and help find another job.

**Question 19:** Which of the following subjects are required to receive occupational safety and hygiene training?

- a) Current employees, newly recruited employees
- b) Apprentices and trainees
- c) Probationary employees, freelance workers hired by the establishment
- d) Both (a and b) are correct.
- e) Both (a, c) are correct.
- f) All three (a, b, c) are correct.

**Question 20:** While working, workers can omit some of the contents of the safe working process to do the job faster.

- e) True
- f) False
