

NAM VIET OCCUPATIONAL SAFETY TRAINING AND ENVIRONMENTAL MONITORING CO., LTD.

Full name:

Year of birth:

Company:

Please circle one (01) correct answer.

Question 1: What skills are required of workers for mechanical assembly work in hair straightener production?

- a) Circuit analysis skills
- b) Skills to accurately align and assemble mechanical components
- c) Computer skills to check product quality
- d) Production project management skills

Question 2: Which of the following accidents can occur during mechanical assembly if safety regulations are not followed?

- a) Electric shock when working with electronic components
- b) Slip and fall due to unclean working environment
- c) Hand cuts due to contact with sharp components
- d) Arthritis due to overuse

Question 3: To minimize the risk of accidents in mechanical assembly, which of the following measures is most important?

- a) Provide insurance for workers
- b) Full training on assembly procedures and safety measures
- c) Ensure workers work faster
- d) Use automatic tools instead of manual workers

Question 4: What is the main reason for accidents occurring during electronic assembly?

- a) Workers lack attention when working with sensitive electronic components
- b) Workers are not adequately trained in safety procedures
- c) Unsafe working environment, uncontrolled humidity and static electricity
- d) Workers do not comply with regular maintenance procedures

Question 5: What is one of the important measures in electronic assembly?

- a) Use personal protective equipment such as anti-static gloves and safety glasses
- b) Perform periodic maintenance and inspection of tools and equipment
- c) Ensure the work area is clean and tidy
- d) All of the above

Question 6: Electrostatic accidents can occur during electronic assembly if which rule is not followed?

- a) Make sure the work area is clean and well lit.
- b) Use protective gloves
- c) Control humidity and static electricity in the working environment
- d) Make sure not to use sharp tools during assembly.

Question 7: In the mechanical assembly process, what should workers do to ensure safety for themselves and their colleagues?

- a) Ensure the working environment is clean and well lit
- b) Use only automatic mechanical tools
- c) Work quickly and efficiently to increase productivity
- d) Personal protective equipment is not required if the work environment is not hazardous

Question 8: What is the main cause of occupational accidents in the mechanical assembly process?

- a) Lack of compliance with safety procedures and failure to use personal protective equipment
- b) Workers lack mechanical assembly skills
- c) Lack of maintenance of mechanical tools
- d) Working environment without adequate lighting

Question 9: What safety procedures must be followed when assembling electronics to avoid electric shock?

- a) Check all electrical circuits and make sure the power is off
- b) Ensure the working environment is always dry
- c) Ensure all assembly tools are free of cracks
- d) Limit the use of electronic devices during assembly

Question 10: When a work accident occurs during the electronics assembly process, what is the first measure that needs to be taken?

- a) Investigate the cause of the accident immediately
- b) Stop work and check the health of the worker
- c) Use fire fighting equipment in case of fire
- d) Provide detailed information to health authorities

Question 11: According to the provisions of Decree 44/2016/ND-CP dated May 15, 2016 of the Government, workers with strict requirements on occupational safety (group 3) must receive at least how many hours of initial periodic training?

- a) 16 hours
- b) 24 hours
- c) 30 hours

- d) 48 hours

Question 12: Employees who work continuously for 8 hours or 6 hours according to the provisions of the 2020 Labor Code are entitled to a break of at least how many minutes, counted as working hours?

- a) 20 minutes
- b) 30 minutes
- c) 40 minutes
- d) 50 minutes

Question 13: The elements that make up a normal flame are?

- a) Oxygen
- b) Combustible
- c) Heat source
- d) Both (a and b) are correct.
- e) All three (a, b, c) are correct.

Question 14: When a worker has a work accident caused by the Employer's fault and his/her working capacity is reduced by 81%, how much compensation will he/she receive?

- a) 30 Months of minimum wage
- b) 30 Months of Social Insurance Salary
- c) 30 months salary according to labor contract.

Question 15: Equip yourself with adequate personal protective equipment to

- a) Preventing work accidents
- b) Preventing occupational diseases
- c) Both of the above

Question 16: Please indicate the correct and complete answer about the conditions for employees to enjoy in-kind compensation?

- a) Doing jobs and occupations in the list of especially arduous, toxic, dangerous jobs and arduous, toxic, dangerous jobs and occupations issued by the Ministry of Labor - Invalids and Social Affairs
- b) Working in a working environment with at least one of the hazardous or toxic factors that do not meet the hygiene standards permitted by the Ministry of Health or are in direct contact with sources of infectious diseases
- c) Both of the above

Question 17: What will workers get when they have occupational diseases?

- a) Treatment and leave from work.
- b) Treatment until recovery and return to old job.
- c) Treatment until recovery and reassignment to work suitable to health.
- d) Provide financial assistance and help find another job.

Question 18: According to the Law on Labor Safety and Hygiene, how many obligations do workers have?

- a) 1 obligation.
- b) 2 obligations.
- c) 3 obligations.
- d) 4 obligations.

Question 19: Which of the following subjects are required to receive occupational safety and hygiene training?

- a) Employed people, newly recruited people
- b) Apprentices and trainees
- c) Probationers and freelance workers hired by the establishment
- d) Both (a and b) are correct.
- e) Both (a, c) are correct.
- f) All three (a, b, c) are correct.

Question 20: Employees have the right to refuse to do work or leave the workplace while still receiving full pay and not being considered as violating labor discipline when they clearly see a risk of a work accident that seriously threatens their life and health and must immediately report to the person directly in charge, true or false?

- a) True
- b) False
